

INVESTMENTS**I. SCOPE**

The investment policy applies to all monies available for investment by the BOCES.

II. OBJECTIVES

The primary objectives of the BOCES' investment program are listed below:

- to conform with all applicable federal, state and other legal requirements;
- to adequately safeguard principal;
- to provide sufficient liquidity to meet all operating requirements and;
- to obtain a reasonable rate of return.

III. DELEGATION OF AUTHORITY

The BOCES' responsibility for administration of the investment program is delegated to the Treasurer who shall establish procedures for the operation of the investment program consistent with this policy. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability, including the prior review and approval by the Treasurer, Assistant Superintendent for Management Services, and the Business Administrator, of any investments made pursuant to Paragraph X.

IV. PRUDENCE

All participants in this investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the BOCES.

All participants involved in the investment process shall refrain from personal business or other activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

V. DIVERSIFICATION

It is the policy of the BOCES to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling, when practical.

VI. INTERNAL CONTROLS

It is the policy of the BOCES that all monies collected by any officer or employee be transferred to the Treasurer within two days of receipt.

The Treasurer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with the BOCES' authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

VII. DESIGNATION OF DEPOSITORY

The banks and trust companies authorized for the deposit of monies, as selected every five years through an RFP will be authorized annually at the Board's July Reorganization Meeting. They are selected every five years through an RFP.

VIII. COLLATERALIZING OF DEPOSITS

In accordance with the provisions of Section 10 of General Municipal Law, all deposits of the BOCES, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured by one or more of the following methods of collateral:

1. By a pledge of "eligible securities" with an aggregated "market value" as provided by Section 10 of General Municipal Law, equal to the aggregated amount of deposits from the categories designated in Appendix A.
2. By an eligible "irrevocable letter of credit" issued by a qualified bank other than the bank maintaining the deposits. Such letter of credit shall be in favor of the BOCES for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debit obligations are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization.
3. By an eligible surety bond payable to the BOCES for an amount equal to at least 100% of the aggregate amount of deposits and the agreed upon interest, if any.

Such bonds shall be executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations.

The security agreement shall provide that eligible securities are being pledged to secure BOCES deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the BOCES to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the local BOCES, such securities shall be

delivered in the form suitable for transfer or with an assignment in the bank to the BOCES or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodial for, the BOCES, will be kept separate and apart from the general assets of the custodial bank or trust company. These securities will not, in any circumstances, be commingled with or become part of the backing for any other deposits or other liabilities. The agreement should describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of re-evaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the BOCES a perfected interest in the securities.
